

Dear Grocer:

As a frequent shopper in your store, I want to purchase milk, cheese, yogurt and other dairy products that are **Certified Humane Raised and Handled®**. I know that products with this specific certification come from animals that were raised with strict humane standards.

The nation's leading humane organizations back the **Certified Humane®** program and *USAToday* called **Certified Humane®** a gold standard.

This is a label that I trust and I would like to purchase **Certified Humane®** dairy products in your store. I would like you to require your dairy suppliers to become **Certified Humane®**.

Sincerely,

*For more information on meeting the growing demand for products that are **Certified Humane®**, please visit:*
